

ENGLISH - Lernraum „Willkommenschüler*innen Berlin“

Dear students,

This virtual classroom is primarily for students of “Welcome-Classes” (*Willkommensklassen*).

In this classroom, you will find a lot of links which will help you to learn German - no matter which level you are starting from - whether an absolute beginner, who is just starting to learn about the alphabet, or A1/A1 and B1/B2 level students. You will also find links for other subjects including mathematics, English, social studies and others.

This is how you can get to the virtual classroom:

If you have a question or if you need help, please write an email to:
